Avaluable Discovery and New Departure in Medical Science, an entirely New and positively effective Remedy for the speedy and permanent Cure of Seminal Envisaions and Impotency by the only true way, viz: Direct Application to the principal Seat of the Discase acting by Absorption, and exerting its specific influence on the Seminal Vesicles, Ejaculatory Ducts, Prostate Gland, and Urethra. The use of the Remedy is attended with no pain or inconvenience, and does not interfere with the ordinary pursuits of life; it is quickly dissolved and soon absorbed, producing an immediate soothing and restorative effect upon the socual and servous organizations wreaked from self-abuse and excesse, stopping the drain from the system, reatoring the mind to health and sound memory, removing the Dimness of Sight, Nervous Debility, Confusion of Ideas, Aversion to Society, etc., etc., and the appearance of premature old age usually accompanying this trouble, and restoring period Sexual Vigor, where it has been dormant for years. This mede of treatment has stood the test in very severe cases, and is now a pronounced success. Brugs are too much prescribed in these troubles, and, as many can bear witness to, with but listic if any permanent good. There is no Neuscaus about this Froparation. Fractical observation enables us to positively guarantee that it will give mitiafaction. During the eight years that it has been in general use, we have thousands of testimousles as to its value, and it is now conceded by the Medical Profession to be the most retional means yet discovered of reaching and curing this very prevalent treaths, that is well known to be the cause of untold misory to so many, and upon whom quacks prev with their useless neatrums and big fees. The Remedy is put ap in mean boxen, of three sizes. No. 1, icnough to last a month,) S3; Me. S. (sufficient to effect a permanent cure, unless is severe cases.) S7 Scatch vanid AND SPERMATORRHŒA.
